

FG Burnett

22 Rose Street Aberdeen

Letting
(337 sq.ft)

- Following instruction from our client, FG Burnett implemented a comprehensive marketing campaign to secure a tenant for this prominent city centre retail unit.
- The interest generated from our marketing strategies enabled our agency team to successfully negotiate and agree lease terms with a new occupier for use as a barber shop.
- From the commencement of marketing to completion of the transaction, the letting was concluded in just over six weeks, reflecting an efficient and proactive approach from all involved in the disposal.
- Throughout the process, our focus remained on protecting the client's commercial objectives, resulting in a successful letting and a positive outcome for both landlord and tenant.
